

Drake MTB Team Scholarship Information

The Sir Francis Drake High School Mountain Bike Team strives to provide an environment in which all students who want to participate in the rewarding sport of high school mountain biking feel welcome and supported. For the first time, the team has reserved funds from our corporate team sponsorships to provide scholarships for team members in need of financial assistance. These scholarships are intended to provide financial assistance to defray expenses associated with team participation.

It is important to note that ours is an honor-based system and does not include a full financial review of your household revenue and expenses. We trust our community members to be the best judges of their own need and to reserve these funds for those in greatest need.

Scholarship requests will be reviewed, awarded, and allocated by a scholarship committee. All applications, awards, and notifications will be held in strict confidence. Our scholarship funds are limited, and the number and amount of awards will be based on the number of requests made and individual needs.

If you and your family have a need for assistance with expenses associated with team involvement, please email us at DrakeMTBScholarship@gmail.com to describe your request. Requests can be in form of league registration fees, equipment, travel costs, or other expenses that are team related. Please submit your request by **November 15, 2015** so the committee can review all the requests and determine allocations. We will provide notifications to all applicants by December 1, 2015.

Thank you for your interest in the Drake Mountain Bike Team!

GO PIRATES!
